REPUBLIC OF NAMIBIA

GOVERNMENT ISSUE

GC35

**Terms of issue for Government of the
Republic of Namibia Internal Registered
Stock 9.50%, 2035 (GC35)**

TERMS AND CONDITIONS OF THE ISSUE

General

This document should be read in conjunction with the Bank of Namibia Act no.15, 1997 under section 42 (1) and (2).

Issue

Republic of Namibia 9.50% Internal Registered Stock 2035/07/15.

The Stock will be known as GC35.

Purpose

The purpose of the issue is to raise funds for budget deficit for the Republic of Namibia Government and also to foster the growth for domestic capital market.

Interest

A coupon of 9.50% will be paid semi-annually in arrears until July 2035.

Coupon payment dates will be 15 July and 15 January of each calendar year up to 15 July 2035 and including the redemption date and the first payment will be made on 15 January 2014.

The books will be closed from 14 June to 15 July and 15 December to 15 January each year (all dates inclusive as market condition may allow to determine bondholders entitled to receive interest).

Interest will cease to accrue on the bond from the maturity date.

If the coupon payment date is not a Banking day, payment will be made on the next banking day without payment of additional interest.

Redemption of Capital

The redemption of capital will be made upon the maturity of the bond on 15 July 2035.

Redemption payment will be made in the currency of the Republic of Namibia on the redemption date by electronic transfer into the accounts of the bondholders specified in the payments instructions, unless, in respect of individual bondholders, contrary instructions are agreed with the transfer secretaries in advance.

If the payment date is not banking day payment will be made on the next succeeding banking day without payment of interest.

Bonds are not payable prior to the maturity date.

Trading

The bond will be listed on the Namibian Stock Exchange (under the sin code GC35-NA000A1HM724).

Method of issue

The bond is issue through Bank of Namibia by invitations to tender at auctions.

Settlement

Bonds are negotiated on a yield to maturity basis. The amount payable is based on the clean price of the investment plus the accrued interest calculated until the agreed settlement date (dirty price). Settlement takes place electronically and via Bank of Namibia. Rolling Settlement of (T+1) has been affected by the Bank since 2007.
