BANK OF NAMIBIA STAFF DONATE LIFE-SAVING GIFT, BLOOD

Saving lives: *One of the Bank staff, Ms. Acacia Einbeck as she donates blood*

Staff of the Bank of Namibia have once again demonstrated their commitment to the value of CARE towards society, by voluntarily donating blood to the Namibia Blood Transfusion Service.

The event was held under the Bank's participation in the Nationhood and National Pride Campaign.

Namibia Blood Transfusion Service applauded the Bank of Namibia staff for donating this life-saving gift of life, at the time when the country is faced with a limited supply of blood.

Given the significance of this life-saving product, staff members were further encouraged to become regular blood donors as only about 1% of the Namibian population donate blood on a regular basis.
